

CUSTOMIZED TOOLS FOR PATIENT EDUCATION

We are specialized in producing customized, individual patient education models. A solid base for success is the good relationship between doctor and patient. Our educational models will help to reach this aim. The communication will get much easier and patients will feel more confident towards upcoming treatments.

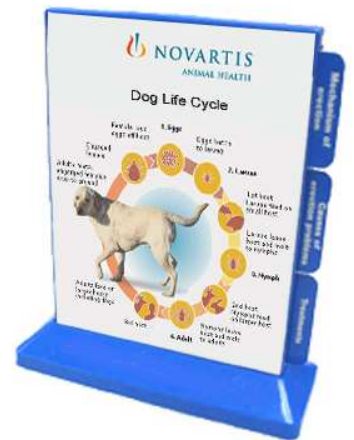

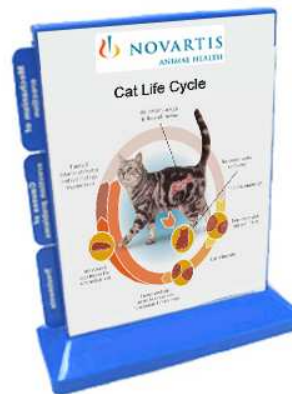

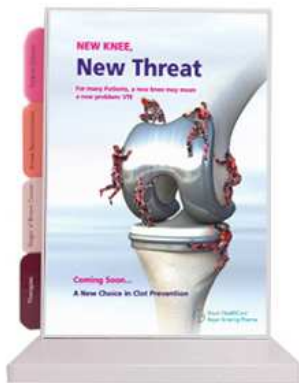

## ANATOMICAL MODELS

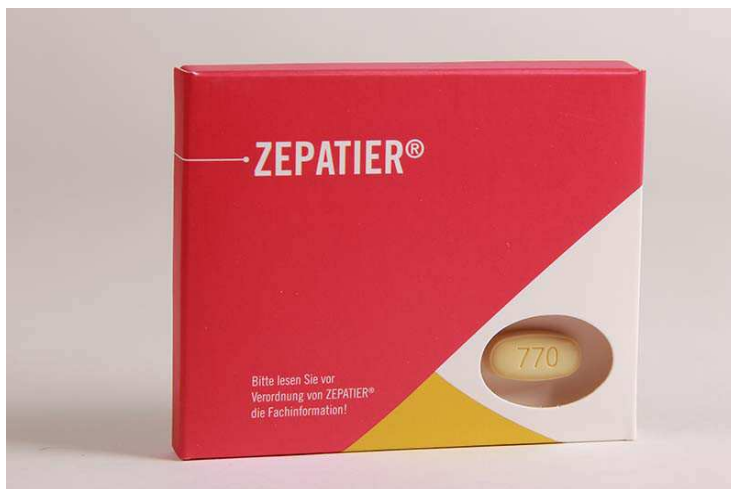

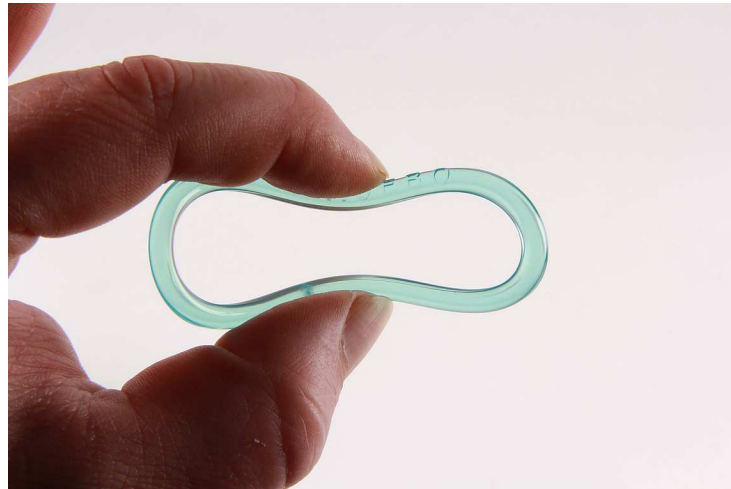

Our medical illustrators will bring your idea onto paper. We are designing customized anatomical charts. A chart with your logo placement will leave an good impression in the doctors room.

## ANATOMICAL CHARTS & PRINT WORK

We offer a cost-effective alternative to your original device.  
The replicated devices can be used for marketing purposes or patient education Service.

## MEDICAL DEVICE REPLICA

Our advertising articles are creative and useful. Nothing off the shelf. We are specialized in customized production. The possibilities are huge. Note holder, paper clip dispenser, Note dispenser etc...
